Hi Gang,

I have a several 6DQ6/A/B/6GW6's for sale. 45+ to be exact. That's a little more than I need. They make a good power output tube and were used for that very purpose by several different Transmitter manufacturers. These are Brand new tubes in boxes [RCA,GE,Sylvania]. AES is getting over 6 bbucks a piece for them, but I figured that the builders here, or people who have transmitters that use them deserve a chance at them. I'd like \$3.00 a piece or in quantities over 4, \$2.50 each. Shipping will probably run \$3.00 an order and anything over 6 tubes I'll ship free. Let me know.

Thanks

KIM
